

PLASTON FLEXICASE

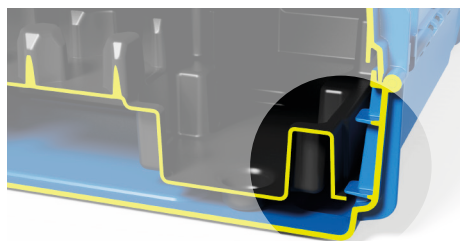

Practical and flexible

- Uniform and continuous design line in just four sizes
- Robust ABS version, stackable design for easy handling
- Carried using the folding handle (individually or as a bundle)
- PLASTON INTERLOCK for easily connecting individual cases to create a system
- Features such as side handles provide the option to carry with two hands thanks to side handle recesses

Connecting different-sized cases with a click system

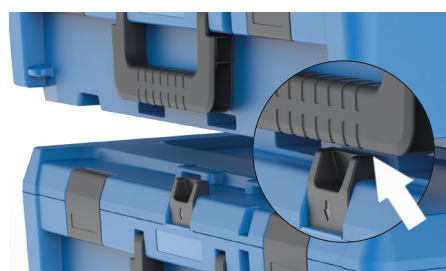

Positive connection of the insert

Individual inserts for complete solutions: Optional thermoformed insert (ABS, PS), foam insert, EPP insert, foam cover, etc.

Individual print on top and bottom surface

PLASTON INTERLOCK click system

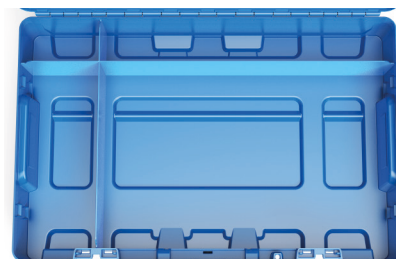

Cases can be stacked and palletised

PLASTON DIVISIBILITY

- The case sizes 44 and 64 can be produced with dividing walls in the lower part
- The 4 segments are stationary but can be freely shifted
- Combination of large compartments and dividing inserts

Case F44 divided into 3 segments

Case F64 divided into 4 segments
