

PLASTON metaBOX

SHELVE ADAPTER PLATE - CONNECT YOUR CASE TO ANY VEHICLE

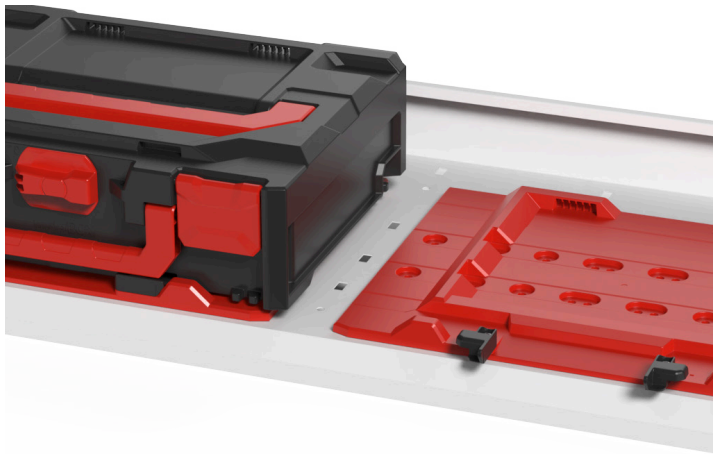

The new generation of the (shelve) adapter plate, allows you to attach securely any metaBOX case horizontally or vertically for safe transport with any type of vehicle.

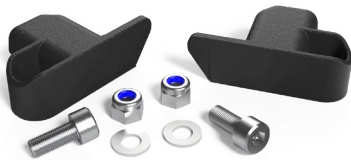

The metaBOX case system has never been as mobile.

PLASTON SHELVE ADAPTER PLATE

- Versatile adapter plate, made of high impact ABS
- Ergonomic left and right locks to secure the metaBOX cases
- The shelve adapter plate forms a solid base to hold in place any metaBOX case size, and connect them firmly to various material (e.g. wooden panels, plastic panels, concrete walls, vehicle floors, shelving systems)
- Compatible to any shelve resp. vehicle racking system
- Connects as well the T-Lock Systainer, T-Stack, L-Boxx, MakPac, HikCase or Classic Systainer thanks to the [metaBOX Multi-Adapter plate](#)
- See the Shelve Adapter Plate in action:
